## **THE SURGERY INTERMARQUE SPRINTS, 2010 ROUND FIVE:**

The wheels never stopped turning all day it was the perfect petrol head experience. Great weather and very few delays. It was very much straight back out on the track again after each run. There were a couple of minor situations that ended in panel damage but even allowing for these there were no real delays. This was due to the organisation on the day, which was second to none.

The numbers were slightly down due to Bathurst and every other sport in creation being on that same weekend (both motor sport and non motor sport).

There were a couple of TV's in the pits so some people were watching snippets of Bathurst between their own runs. This may have explained some of the quicker lap times showing up... inspired by "the great race", perhaps!

With now only round 6 to go the BMW Car Club have very much got the series in the bag. It has been a full on attack all this season by the Germans, with no prisoners taken, so full credit should go to the BMW club for rallying their troops so successfully for such an impressive outcome.

But keep in mind there are still valuable points to be had for one of the many a class wins available.

ROUND SIX of The Surgery Sprints is on Sunday December the 5th.

Who ever said there is no such thing as a free lunch was wrong. As usual there will be the free lunch time sausage sizzle and chocolate fish for desert for, all as a thank you from The Surgery for your support.

Look out for the odd random act of kindness at drivers briefing too. What better way to end the season before the full pressure of Christmas kicks in!

Competitively yours,

The Surgeons,  
Mike & Irene.

Note: The best lap times given in the results are taken from all times recorded during the day – not just from the three official runs.
